

Assisted Living for Seniors

*Assisted living can mean a big change in lifestyle.
We strive to make the transition as seamless as possible.*

The George Group looks to partner with in home and facility based care providers allowing them the resources and options to provide their clients the ability to afford the necessary and proper care.

The George Group can offer three different options to assist your clients.

- 1. Provide a refinance of an existing mortgage to meet the necessary financial objective.**
- 2. Assist with a Reverse Mortgage to those clients who may require a larger infusion of cash in order to cover the additional cost of care.**
- 3. Offer a streamline sale of an existing or additional property in order to secure the necessary capital required.**

Often times it becomes necessary for a potential client and their family to make a decision for either in home or facility based care. The issue of cost and affordability takes center stage and the family is left to navigate the multitude of options which ultimately delays the enrollment process. The George Group would like to be your single point of connection that allows these decisions to be made quickly and easily.

The George Group provides you with "*Four Generations of Real Estate & Mortgage Professionals*" and we have been a part of the Southern California and San Gabriel Valley community fabric for over 40 years.
